55	OB must be hit first	x		CB clearly came off the 9-ball tangent line
56	9-ball push-out shot	x		don't need to hit the 1-ball first in a push-out; the 1-ball stays down
57	small gap between CB and OB, cue elevated, draw	x		<b>TOUGH CALL</b> - difficult to tell if CB hit the rail in the video
58	rail cut shot with CB close to OB and rail, cue elevated, follow		x	double hit (clear from CB direction)

88	small gap between CB and OB, cue at small angle		x	no rail after contact
89	CB declared frozen to OB		x	<b>TOUGH CALL</b> - push stroke (with likely extended contact and/or multiple hits); the sound implies there was a gap, but the balls were declared "frozen," so a proper (non-pushing) stroke would have been allowed
